

TOBY

Aquamax Domestic

Toby AQUAMAX Domestic is a single-pack water based polyurethane coating suitable for all interior domestic timber floors.

Water based timber floor coatings made easy!

Easy Application

- Roller applied at coverage of 8-10m²/L
- Recommended System - 1 coat AQUAMAX Roller Seal, 2 coats of AQUAMAX Domestic
- Excellent flow and settling characteristics
- Convenient 5L container

Complete the job faster

- Fast Drying – 1 hour touch dry, 3 hours recoat*
- Allows you to apply up to two coats in the one day

Safer to use than solvent based coatings

- Low odour
- No masks or respirators required
- Water clean up

Quality that you can rely on

- A great looking finish that highlights the natural colour of the timber
- Hard wearing, scratch resistant finish

More convenient for householders

- No need to vacate the premises
- Fast drying which means floor can be walked on earlier
- No lingering odour

Excellent Service Support

- Customer Service team in Australia
- Local R&D expertise
- Experienced team of sales representatives
