

TIMBER FLOOR COATINGS

The choice is Crystal Clear!

Toby Unithane Crystal Clear Gloss is a single pack moisture cured polyurethane for timber, parquetry and cork floors.

It has the following features and benefits:

- Xylene free making it safer for you to use*
- Lower Odour
- Crystal clear finish that highlights the natural grain of the timber
- Easy application by brush, roller or lambswool applicator
- Excellent flow and levelling properties ensuring a smooth finish
- Long wet edge which minimises lap marks
- Extremely hard wearing scratch resistant finish
- Excellent chemical resistance

[Ask for the red can]

*We recommend the use of an organic vapour mask when using any solvent based coatings.
